

FRIEND AND NEIGHBOR DAY REMINDERS

Rob Robinson

Invite people. Contact those you have invited and remind them. Pray by name for those you have invited. Phone people, text message or email them to remind them about it. Let's all be good hosts. Help welcome guests and make them feel at home. If someone you invited comes, make a special point to host them by sitting with them in the church service and at the meal, and introducing your guests to others.

Follow the instructions of the parking attendants when you arrive Sunday morning. Park in the areas assigned for our more able-bodied members, so there will be plenty of parking spaces in the paved lot for our visitors. If you need to park in the main paved parking lot, feel free to do that. If you are able to do so, park in the unpaved areas on either side of the buildings.

If you volunteered or signed up to help with any certain part of the work, don't forget. Be in the right place and right on time to do your job. Be at the building Saturday morning at 8 (or at Johnny V's earlier) to help move chairs and tables and set up. That needs to be done on time so the decorators can begin their work. If you agreed to be a server, you have already been assigned to a specific task that is essential to our serving lines working properly; each and every server is needed!

After the meal, we will need to clean the tables, put away tables and chairs, return items to the kitchen, and clean the floor. If you signed up for that, be sure to remember to stay and work together until the job is done. If you signed up to help clean in the kitchen, report promptly after the meal is over to the church kitchen and let's get started. If you did not sign up, then just chip in and help and we'll get it done sooner.

We will have a great time together, whether we are worshipping, fellowshiping with our guests and one another, eating dessert or working together. You will agree that setting up, serving and cleaning up together is enjoyable and gratifying. We will host and serve a meal to around 500 people, and have all the work done and be on our way by 2:30 Sunday afternoon.
